Clemson Choral Arts Exchange

Each year the Clemson Choral Program in partnership with the Brooks Center for the Performing Arts selects a high school choral program for a year long collaboration. This program has three goals; to build relationships with arts programs, offer instruction and performance opportunities, and engage students in the rich concert season presented at the Brooks Center each year.

Selected schools will benefit from:

- Two choral workshops with Dr. Bernarducci
- One voice masterclass with Dr. Odom
- Group tickets for two Brooks Center shows
- A joint concert experience with a Clemson choir
- Private tour of the university campus and Brooks Center for the Performing Arts
- T-Shirts
